A How To Guide for Event Planners

David Adler, C.E.O. and Founder of BizBash is a veteran media and event entrepreneur. He founded BizBash as an idea and resource marketplace for event organizers of all types from corporate and association to high-end personal and social events. His site has become the largest media property in the B-to-B event industry with nearly 1.5 million annual user sessions.

Infinity Hall was rocking on 1/20/16! Not from the live concerts they usually host, but from a large gathering of movers and shakers in the special event industry.

[David Adler](#), CEO and Founder of BizBash, a “rock star of the event industry”, according to Dan Hincks, CEO of [Infinity Hall](#), educated and inspired over 150 event planners in the new technology, communications and social interactions of events.

Sponsored by Event Resources and Infinity Hall, David Adler’s dynamic Prezi presentation included videos and examples of the latest events trends. This paper provides the entire program into easy-to-view segments by individual topics.

2016 Trends in Special Events Videos

If you missed Mr. Adler's special presentation, or would like to review it again, his entire program has been divided into 14 short, easy to consume videos on YouTube.
